Laravel Developer

Job Location

Ahmedabad

Description

We are seeking a skilled **Laravel Developer** to join our dynamic team. The ideal candidate will be responsible for developing and maintaining web applications using the Laravel framework. You will work closely with our front-end and back-end developers to deliver high-quality web applications, services, and tools.

Employment Type

Full-time

Responsibilities

- Design and build web applications using the **Laravel** framework.
- Collaborate with the development team to discuss project aims and requirements.
- Troubleshoot and debug applications to ensure optimal performance.
- Integrate user-facing elements developed by front-end developers with server-side logic.
- Develop and maintain efficient, reusable, and reliable PHP code.
- Ensure smooth integration of data storage solutions.
- Conduct testing and ensure the functionality of applications.
- Maintain and update existing web applications.
- Present work progress in meetings with clients and management.
- Create and maintain technical documentation.

Skills

- Proven experience working with the **Laravel** framework and PHP.
- Strong understanding of the MVC architecture.
- Proficiency in HTML, CSS, and JavaScript.
- Experience with SQL and database design.
- Excellent problem-solving skills and attention to detail.
- Ability to work independently and as part of a team.
- **Strong communication skills.**
- **Open to learn new technologies.**

Experience

- 2 Years to 3 Years
- Preferred Local Candidates
- Looking for an Immediate Joiner

Job Benefits

- 5 Days working
- Positive work environment
- Referral Bonus Policy
- Reward and Benefit
- Employee Training Sessions
- Annual Trip
- Team Celebrations
- One to one Mentorship
