Angular Developer

Employment Type

Full-time

Description

We are seeking a highly skilled **Angular Developer** to join our development team. The ideal candidate will have extensive experience with **Angular versions 14 and above**, strong proficiency in JavaScript, and expertise in working with real-time data through socket connections. The candidate should also be well-versed in Angular Material and NG-Zorro, and possess solid object-oriented programming (OOP) skills.

Job Location

380015, Ahmedabad

Experience

- **2 years to 5 years of experience**
- **Looking for excellent communication**
- **Looking for an Immediate Joiner**
- **Looking for Local candidates only**

Responsibilities

- Develop, implement, and maintain web applications using Angular 14+ frameworks.
- Collaborate with cross-functional teams to design, develop, and deliver high-quality UI/UX solutions.
- Integrate socket connections to enable real-time communication in web applications.
- Implement and maintain reusable components using Angular Material and NG-Zorro libraries.
- Write clean, efficient, and maintainable code following best practices.
- Troubleshoot and resolve performance issues, bugs, and code inconsistencies.
- Ensure responsive design, cross-browser compatibility, and optimized UI performance.
- Participate in code reviews to ensure code quality and adherence to standards.
- Stay updated with the latest Angular features and trends to enhance project implementations.

Skills

- **Proven experience with Angular 14+** (including the latest Angular versions).
- **Strong proficiency in JavaScript, TypeScript, and ES6+.**
- Expertise in working with [Socket.io](#) or similar socket libraries for real-time data exchange.
- Experience with **Angular Material** and **NG-Zorro** for UI component development.
- Strong understanding of **Object-Oriented Programming (OOP)** concepts and design patterns.
- Hands-on experience with RESTful API integration and data handling.
- Familiarity with state management tools like NgRx, Akita, or similar is a plus.
- Experience in building scalable and modular web applications.

Qualifications

- Strong problem-solving skills with a proactive mindset.
- Excellent communication and collaboration abilities.
- Ability to mentor junior developers and contribute to team growth.

Job Benefits

- 5 days working
- Referral Bonus Policy
- Reward & Benefit
- Incentive Bonus Policy
- Annual Trip
- Team celebrations
- One-to-one mentorship
- Early leave and Late-coming policy
- Opportunity to work on innovative and challenging projects
- Collaborative and inclusive work environment
- Competitive salary and benefits package
- Professional growth and learning opportunities
